

China International Oil & Gas Technology Equipment Exhibition (COG) 2015
2015 中国国际油气技术装备展览会
Chongqing City, China
中国 重庆

September 22-24, 2015, Chongqing, China

Welcome to COG 2015!

U.S. Commercial Service is pleased to invite American companies to participate in the U.S. Pavilion at the China International Oil & Gas Technology Equipment Exhibition 2015 (COG 2015).

COG 2015 will be a showcase for advanced technologies, solutions and services in unconventional oil & gas exploration and development, with focuses on oil and gas digitalization, smart application, test instruments and environmental protection technologies and solutions.

We welcome U.S. companies that specialize in following sectors to join the show:

- Oil & Gas Equipment Manufacturing
- Oil & Gas Digitalization and Smart Application
- Environmental Technologies applied to oil & gas development

U.S. Commercial Service will have a booth at the show to provide on-site support to U.S. exhibitors. We welcome you to Chongqing and look forward to working with you at COG 2015.

Exhibitors at the U.S. Pavilion Receive:

- Standard booths in prime location
- On-site counseling by U.S. Commercial Service throughout the show
- Bi-lingual U.S. Pavilion Directory to increase exposure of U.S. participating exhibitors
- \$3,200 package includes:
 - Fully furnished standard booth (9 square meters)
 - 3 nights' accommodation for one person
 - Discounted hotel rate for the 2nd person for 3 nights if paying additional \$800
